Dear Mr. Dea:

This correspondence and the attached communication from Semitropic Water Storage District is Newhall's status report to the County of Los Angeles, Department of Regional Planning, indicating that the amount of water placed in the Semitropic groundwater bank under Newhall's stored water account is 18,828 acre feet as of December 31, 2009. This status report is a requirement of the Newhall Ranch Specific Plan Program EIR, Mitigation Measure SP-4.11-18.

If you should have any questions, please do not hesitate to call me.

Sincerely,

Newhall Land
