November 17, 2023

**Subject: 2023-24 Dungeness Crab Northern Season Delay Notification**

Fish and Game Code (FGC) Section 8276.2 (c) provides the Director with the authority to delay the December 1 season opening, due to soft-shell or poor quality crab conditions, in Fish and Game Districts 6, 7, 8 & 9 (Mendocino, Humboldt, and Del Norte counties) for a minimum of 15 days.

Crab quality tests conducted in northern California on November 8, 2023, indicate the crabs will not be ready for harvest on December 1, 2023. Based on these data and the interest in cooperatively managing the interstate Dungeness crab fishery, I am delaying the opening of Dungeness crab season in northern California (Districts 6, 7, 8 & 9) until 12:01 a.m. December 16, 2023. Additional crab testing will be scheduled for completion on or around December 1, 2023 to determine whether crab condition has improved, after which time an additional delay may be necessary.

As provided in FGC Section 8276.3 no vessel may take or land crab within Districts 6, 7, 8 & 9 during the closure period. In addition, FGC Section 8279.1 (a) prohibits a vessel that took, possessed onboard, or landed crab from ocean waters outside of Districts 6, 7, 8 & 9 from participating in the crab fishery in Districts 6, 7, 8 & 9, for 30 days following the opening of those areas.

Sincerely,

A handwritten signature in black ink, appearing to read "C. Bonham", with a long horizontal flourish extending to the right.

Charlton H. Bonham  
Director
