

FRGP 2023 Projects Approved for Contingency Funding

Funding Program	Proposal ID	Project Type	Title	Description	Applicant	County	Region	Funded Amount
FRGP	1730119	WC	Salmon Creek Rural Water Conservation Project, Phase III	GRRCD will provide outreach, technical assistance, up to two 5,000-gallon HDPE tanks, and up to \$5,000 in rebates for other needed materials for rainwater catchment systems to offset stream diversions in the Salmon Creek watershed. The proposed Phase III is meant to ensure continuity of the program in progress through Phase II funding (Q2230004), seeking to facilitate installation of an additional 100,000-150,000 gallons of water storage to offset summer diversions.	Gold Ridge Resource Conservation District	Sonoma	3	\$225,301
