Best Practices for Participating in a Zoom Webinar/Teleconference

- The name that you enter as your Zoom display name is the name staff will call when it is your turn to speak.
- You do not have to use your real name and/or your last name if you prefer not to. However, please make sure your display name is unique. You could do this by adding an initial or another word that will differentiate you from other participants with the same first name.
- You will be asked to raise your hand at the beginning of each agenda item to comment on that item. The time to raise your hand to join the queue for each item is limited, so please listen carefully.
- After you raise your hand, please keep it raised. Staff will record all names for the agenda item and then lower all hands at the same time. Please do not re-raise your hand after it has been lowered by staff.
