

LIVESTOCK LOSS DETERMINATION

California Department of Fish and Wildlife

Investigation ID: 062824-PLU

Date Investigated: 6/28/24

Cause of Death:

- Confirmed Wolf
- Probable Wolf
- Possible Wolf
- Non-Wolf Depredation
- Non-Depredation
- Unknown

General Area: Eastern Plumas County, private property, not within a known wolf pack territory

General situation and animal information: A dead calf was found on June 28 and was investigated the same day by CDFW personnel.

Physical evidence of wolf predation: There was no physical evidence of wolf predation.

Evidence of wolf presence near the time of the animal(s) death/injury: There was no evidence of wolf presence in the immediate area of the investigation. A sighting of a single wolf was reported on the neighboring property on the night of June 27.

Summary: Evidence indicated the carcass was scavenged by coyotes, but the cause of the calf's death was not predation.
