Ms. Beatriz Esparza, Business Development Manager  
Advanced Cleanup Technologies, Inc. (ACTI)  
18414 S. Santa Fe Avenue  
Rancho Dominguez, CA 90221

Dear Ms. Esparza:

**SUBJECT: OIL SPILL RESPONSE ORGANIZATION (OSRO) RATING LETTER**

This letter is in response to your OSRO application received on October 4, 2007. Pursuant to Title 14, California Code of Regulations, section 819, ACTI is rated to deploy the amounts and capacities of equipment in the time frames indicated on the enclosed OSRO Rating Response Matrix. Unless this rating is modified, suspended, or revoked, this rating letter shall remain valid until October 29, 2010 (14, CCR 819.06).

OSRO Ratings are based on the application, verification of actual services provided, equipment and resources available, and established subcontracts and agreements. You are required to notify the Administrator of any significant reductions in equipment or personnel levels in advance, if planned, or within 24 hours of becoming aware of such changes. In the event that regulatory changes, that affect your response capability, become effective during your rating period, you will be required to update your OSRO application and notify the Administrator (14, CCR 819.04(d)(3)). As a Rated OSRO, ACTI will remain subject to announced and unannounced drills and inspections throughout the term of its rating.

If you have any questions, you may contact Mr. Mark McCaleb, at telephone number (916) 324-0144 or by e-mail at [mmccaleb@ospr.dfg.ca.gov](mailto:mmccaleb@ospr.dfg.ca.gov).

Sincerely,

Lisa L. Curtis  
Administrator  
Office of Spill Prevention and Response
