SUBJECT: TRAP LIMIT PROGRAM DEPARTMENT ACCOUNTING THROUGH THE 2022-23 FY

This annual accounting of the Dungeness Crab Trap Limit Program (DCTLP) is provided pursuant to Section 8276.5(a)(6) of the Fish and Game Code: The department shall annually provide an accounting of all costs associated with the DCTLP. The department shall use excess funds collected to reduce the cost of the trap limit permit fee or tag fee in subsequent years of the program currently set at \$1,000 and \$5 per trap, respectively.

Following the adoption of the DCTLP regulations in April 2013, the trap limit permit and buoy tag fees were collected and deposited into the dedicated Dungeness Crab Account of the Fish and Game Preservation Fund that was made available at the start of the 2013-14 fiscal year (FY). Fiscal years begin July 1 and end June 30 the following year.

Table 1. Summary of permitholders as of August 2024.

Tier	Tags/Permit	Number of Permit Holders (Total 531)
1	500	57
2	450	53
3	400	55
4	350	54
5	300	52
6	250	155
7	175	105

Revenue deposited into the dedicated Dungeness Crab Account by fiscal year is summarized in Table 2. This revenue is generated by the number of biennial trap limit permits and Department-issued buoy tags that are purchased, as well as replacement tag and appeal fees.

Department of Fish and Wildlife
Dungeness Crab Account Report: 2022-23 FYs

Table 2. Revenue deposited in the Dungeness Crab account is generated by the biennial trap limit fees.

Fiscal Year Period (July 1 – June 30)	Revenue from Fees
2018-19	\$1,438,670
2019-20	\$78,435
2020-21	\$1,347,988
2021-22	\$58,968
2022-23	\$1,345,624

The most recent biennial fees were collected during the 2022-23 FY and are effective for the two seasons spanning between November 2023 and July 2025.

The Department's summary of expenditures by Program and FY is shown in Table 3. The following aspects of the program are funded by the Dungeness Crab account: regulation enforcement by the Law Enforcement Division (LED), purchase of buoy tags by the License and Revenue Branch (LRB) every other fiscal year, one full time Environmental Scientist position in the Marine Region to support implementation of the trap tag program and related fishery management activities, and overhead and indirect labor costs (Department Operating Expenditures). Operating expenditures are based on the state's overhead rates that are adjusted annually.

LED enforcement expenditures for the 2022-23 FY include approximately 864 hours distributed between 74 officers. Officers that utilized the fund were engaged in the following enforcement activities: dockside inspections, at-sea boat patrols utilizing both small and large patrol vessels, inspection of commercial traps and buoy marking requirements, measuring of catch, aircraft patrols, compliance with trap limit and tagging requirements, and administering waivers to collect other permit holder's traps under warranted conditions of vessel incapacitation. Funds were not used during the reporting period for vessel maintenance, repairs, or fuel. The 2022-23 FY LRB expenditure amount includes reimbursement to a trap gear retrieval permittee as part of the Trap Gear Retrieval Program.

The Marine Region staff position works on all aspects of fishery management including serving on the Dungeness Crab Task Force (DCTF) as an ex-officio member along with a member of LED staff and provides follow-up support to the industry for actions taken during the meetings. Expenditures for the Marine Region are significantly lower than in prior years due to position vacancy for several months. Also included in this amount are payments for the contract used

Department of Fish and Wildlife
Dungeness Crab Account Report: 2022-23 FYs

to administer the DCTF that totaled \$36,804 in 2022-23 FY. A 3-year contract encumbering up to \$150k each FY is effective from July 1, 2023 until June 30, 2026.

This marks the tenth FY summary of DCTLP accounting costs furnished by the Department since inception of the program. Total state expenditures from the Dungeness Crab Account are summarized below in Table 4 and as of July 2024, the account has a balance over \$3.5 million. This balance is expected to cover the Department’s spending authority of \$1.1 million for 2023-24 FY and maintain a reserve of \$1.1 million for fiscal uncertainties leaving an excess of at least \$1.3 million. The Department will be working with the DCTF to discuss the status of the excess funds, how the excess fund balance may be impacted by increased spending authority to support facilitation, Department work that is currently subsidized from other fund sources, and if the excess funds can be used to reduce the cost of the biennial trap limit permit fee or buoy tag fee.

Table 3. Summary of Department expenditures of the Dungeness Crab account for all fiscal years from July 1, 2018.

Fiscal Year (July 1-June 30)	Law Enforcement	License and Revenue	Marine Region	Department Operating Expenditures	Total Department Expenditures
2018-19	\$354,104	\$167,549	\$137,699	\$111,601	\$770,953
2019-20	\$121,493	\$0	\$209,983	\$45,617	\$377,093
2020-21	\$119,131	\$159,050	\$193,037	\$67,141	\$538,359
2021-22	\$95,096	\$1,866	\$303,082	\$54,070	\$454,114
2022-23	\$65,538	\$58,176	\$58,820	\$32,694	\$215,228

Table 4. Summary of revenue and ongoing balances since July 1, 2018.

Fiscal Year Period (July 1- June 30)	Revenue from Fees	Total State Expenditures	FY End Balance
2018-19	\$1,438,670	\$825,219	\$2,137,749
2019-20	\$78,435	\$377,341	\$1,968,972
2020-21	\$1,347,988	\$538,359	\$2,913,523
2021-22	\$58,968	\$461,729	\$2,527,708
2022-23	\$1,345,624	\$239,228	\$3,518,175
