

## Proposed Regulatory Text

Section 699.5, Title 14, California Code of Regulations, is hereby amended to read:

### § 699.5. Fees for Lake and Streambed Alteration Agreements.

. . . [No change to subsection (a)]. . .

(b) Standard Agreement.

(1) Fee if the term of the agreement is five years or less:

- (A) ~~\$738.50~~ \$751.75 if the project costs less than \$5,000.
- (B) ~~\$926.25~~ \$942.75 if the project costs from \$5,000 to less than \$10,000.
- (C) ~~\$1,849.25~~ \$1,882.25 if the project costs from \$10,000 to less than \$25,000.
- (D) ~~\$2,775.50~~ \$2,825.00 if the project costs from \$25,000 to less than \$100,000.
- (E) ~~\$4,073.50~~ \$4,146.25 if the project costs from \$100,000 to less than \$200,000.
- (F) ~~\$5,525.00~~ \$5,623.75 if the project costs from \$200,000 to less than \$350,000.
- (G) ~~\$6,580.50~~ \$6,698.00 if the project costs \$350,000 or more.

(2) Fee if the term of the agreement is longer than five years:

- (A) ~~\$8,883.75~~ \$9,042.50 base fee, plus:
  - 1. ~~\$738.50~~ \$751.75 if the project costs less than \$5,000.
  - 2. ~~\$926.25~~ \$942.75 if the project costs from \$5,000 to less than \$10,000.
  - 3. ~~\$1,849.25~~ \$1,882.25 if the project costs from \$10,000 to less than \$25,000.
  - 4. ~~\$2,775.50~~ \$2,825.00 if the project costs from \$25,000 to less than \$100,000.
  - 5. ~~\$4,073.50~~ \$4,146.25 if the project costs from \$100,000 to less than \$200,000.
  - 6. ~~\$5,525.00~~ \$5,623.75 if the project costs from \$200,000 to less than \$350,000.
  - 7. ~~\$8,328.00~~ \$8,476.75 if the project costs from \$350,000 to less than \$500,000.
  - 8. ~~\$14,804.75~~ \$15,069.25 if the project costs \$500,000 or more.

. . . [No change to subsection (b)(3)]. . .

(4) A notification for a standard agreement should identify only one project.

(A) If an entity chooses to identify more than one project in a single notification, the fee shall be calculated by adding the separate fees for each project. For example, if a notification identifies three projects, one of which will cost less than \$5,000 to complete, one of which will cost \$7,500 to complete, and one of which will cost \$17,500 to complete, the fee for the first project would be ~~\$738.50~~ \$751.75, the fee for the second project would be ~~\$926.25~~ \$942.75, and the fee for the third project would be ~~\$1,849.25~~ \$1,882.25. Hence, the total fee the entity would need to submit with the notification that identifies those three projects would be ~~\$3,514.00~~ \$3,576.75.

...[No change to subsections (b)(4)(B) through (b)(6)(B)]...

(c) Agreement for Gravel, Sand, or Rock Extraction.
