Event Details:

Please join the Chairs of the Delta Cyanobacterial Harmful Algal Bloom Strategy (Delta CHAB Strategy) Implementation Team for the first annual Delta CHAB Workshop. The goal of the workshop is to implement Recommendation 1.5 of the [Delta CHAB Monitoring Strategy](#): to hold an annual meeting focusing on Delta CHABs. The workshop will focus on priority management questions around CHAB monitoring, fostering a collaborative approach to implementing the Delta CHAB Strategy, and promoting coordination, collaboration, and communication among agency and community partners. The workshop will be held concurrently with the IEP Workshop in the California Natural Resources Building.
