

Region 1 Barrier ID: W176 (Barrier).

Barrier Name: US-97 Grasslands.

Linear Infrastructure: US-97.

Geographic Area: Siskiyou County, US-97.

Length: 10.24 km (6.36 mi).

Target Species: Mountain lion (*Puma concolor*), deer (*Odocoileus hemionus*), black bear (*Ursus americanus*), gray wolf (*Canis lupus*), mesocarnivores.

Connectivity Concerns: The barrier significantly disrupts (>50%) a linkage identified in a species movement study, regional connectivity study, or Conceptual Area Protection Plan, or significantly disrupts connectivity between or within important habitat blocks. Expert knowledge or data indicates wildlife mortality of two or more species, but population-level impacts not expected.

Remediation Goals: Crossings improved, constructed, fencing and improved fencing, traffic laws.
