

**Region 6 Barrier ID: W225 (Barrier).**

**Barrier Name:** SR-371 from Aguanga (SR-79) to SR-74

**Linear Infrastructure:** SR-371.

**General Area:** Western Riverside County, Caltrans District 8.

**Length:** 33.02 km (20.52 mi).

**Target Species:** Mountain lion (*Puma concolor*), deer (*Odocoileus hemionus*), mesocarnivores.

**Connectivity Concerns:** This barrier skirts the northern margin of the Palomar Range and Santa Rosa Mountains, which links northern marginal habitats to the Palomars/Santa Rosas to the south. This is potentially important for mountain lions.

**Remediation Goals:** Install exclusion/directional fencing. Expand/enhance existing infrastructure such as culverts.
