- NMFS:
  - From the LTO Briefing Paper on 3.7.4.5.6 Steelhead Weekly Distributed Loss Threshold, SaMT recommended “for WOMT to amend the PA language so it clearly states the action is triggered when the rolling sum of steelhead loss exceeds the weekly threshold of 120 fish. Replace the word ‘salvage’ with the word ‘loss.’” in Proposed Action section 3.7.4.5.6.
  - NMFS: Raises two questions to the group.

  - Reclamation: Suggestion to move discussion to next week.
