The updated regulation governing Title 14 § 230 Issuance of Permits for Contests Offering Prizes for the Taking of Game Fish took effect July 1, 2023. These regulations require the California Department of Fish and Wildlife (Department) to conduct an annual Initial Offering for applicants applying for Type A game fish contest permit(s). Type A permits are required for black bass contests with more than 60 anglers and may not exceed three days in duration. If you are planning to apply for more than four Type A permits for contests held in 2026, we strongly recommended in-person attendance.

**Applications to participate in the Northern and Southern Initial Offering events must be submitted between **June 17 at 08:00 and July 1, 2025 at 17:00.** Applications will not be accepted before or after this period.**

Prior to the Initial Offerings, the Department will send a detailed agenda of the draw format to those who apply to participate.
