### Revised Notice of Proposed 90-Day Extension of Emergency Action

Emergency Action to Amend Section 180.15  
Title 14, California Code of Regulations  
Re: Commercial Coonstripe Shrimp Fishery

Pursuant to the requirements of California Government Code Section 11346.1, the California Fish and Game Commission (Commission) is providing notice of proposed emergency action with regard to the above-entitled emergency regulation.

On August 21, 2025, Commission staff provided notice of an incorrect version of the proposed regulatory language for the amendment of Section 180.15, Title 14, California Code of Regulations. This notice is to provide the public the correct language that was approved by the Commission at its August 2025 meeting. There are no changes in the language from the current regulation, which was originally adopted as an emergency regulation on February 13, 2025.

#### Submitting Comments

Government Code Section 11346.1, subdivision (a)(2), requires that, at least five working days prior to submitting a proposed emergency action to the Office of Administrative Law (OAL), the adopting agency provide a notice of the proposed emergency action to every person who has filed a request for notice of regulatory action with the agency. After submitting the proposed emergency to OAL, OAL shall allow interested persons five calendar days to submit comments on the proposed emergency regulations as set forth in Government Code Section 11349.6.

Any interested person may present statements, arguments, or contentions, in writing, submitted via U.S. mail or e-mail, relevant to the proposed emergency regulatory action. Written comments submitted via U.S. mail or e-mail must be received at OAL within five days after the Commission submits the emergency regulations to OAL for review.
