

# California Wildlife Habitat Relationships System

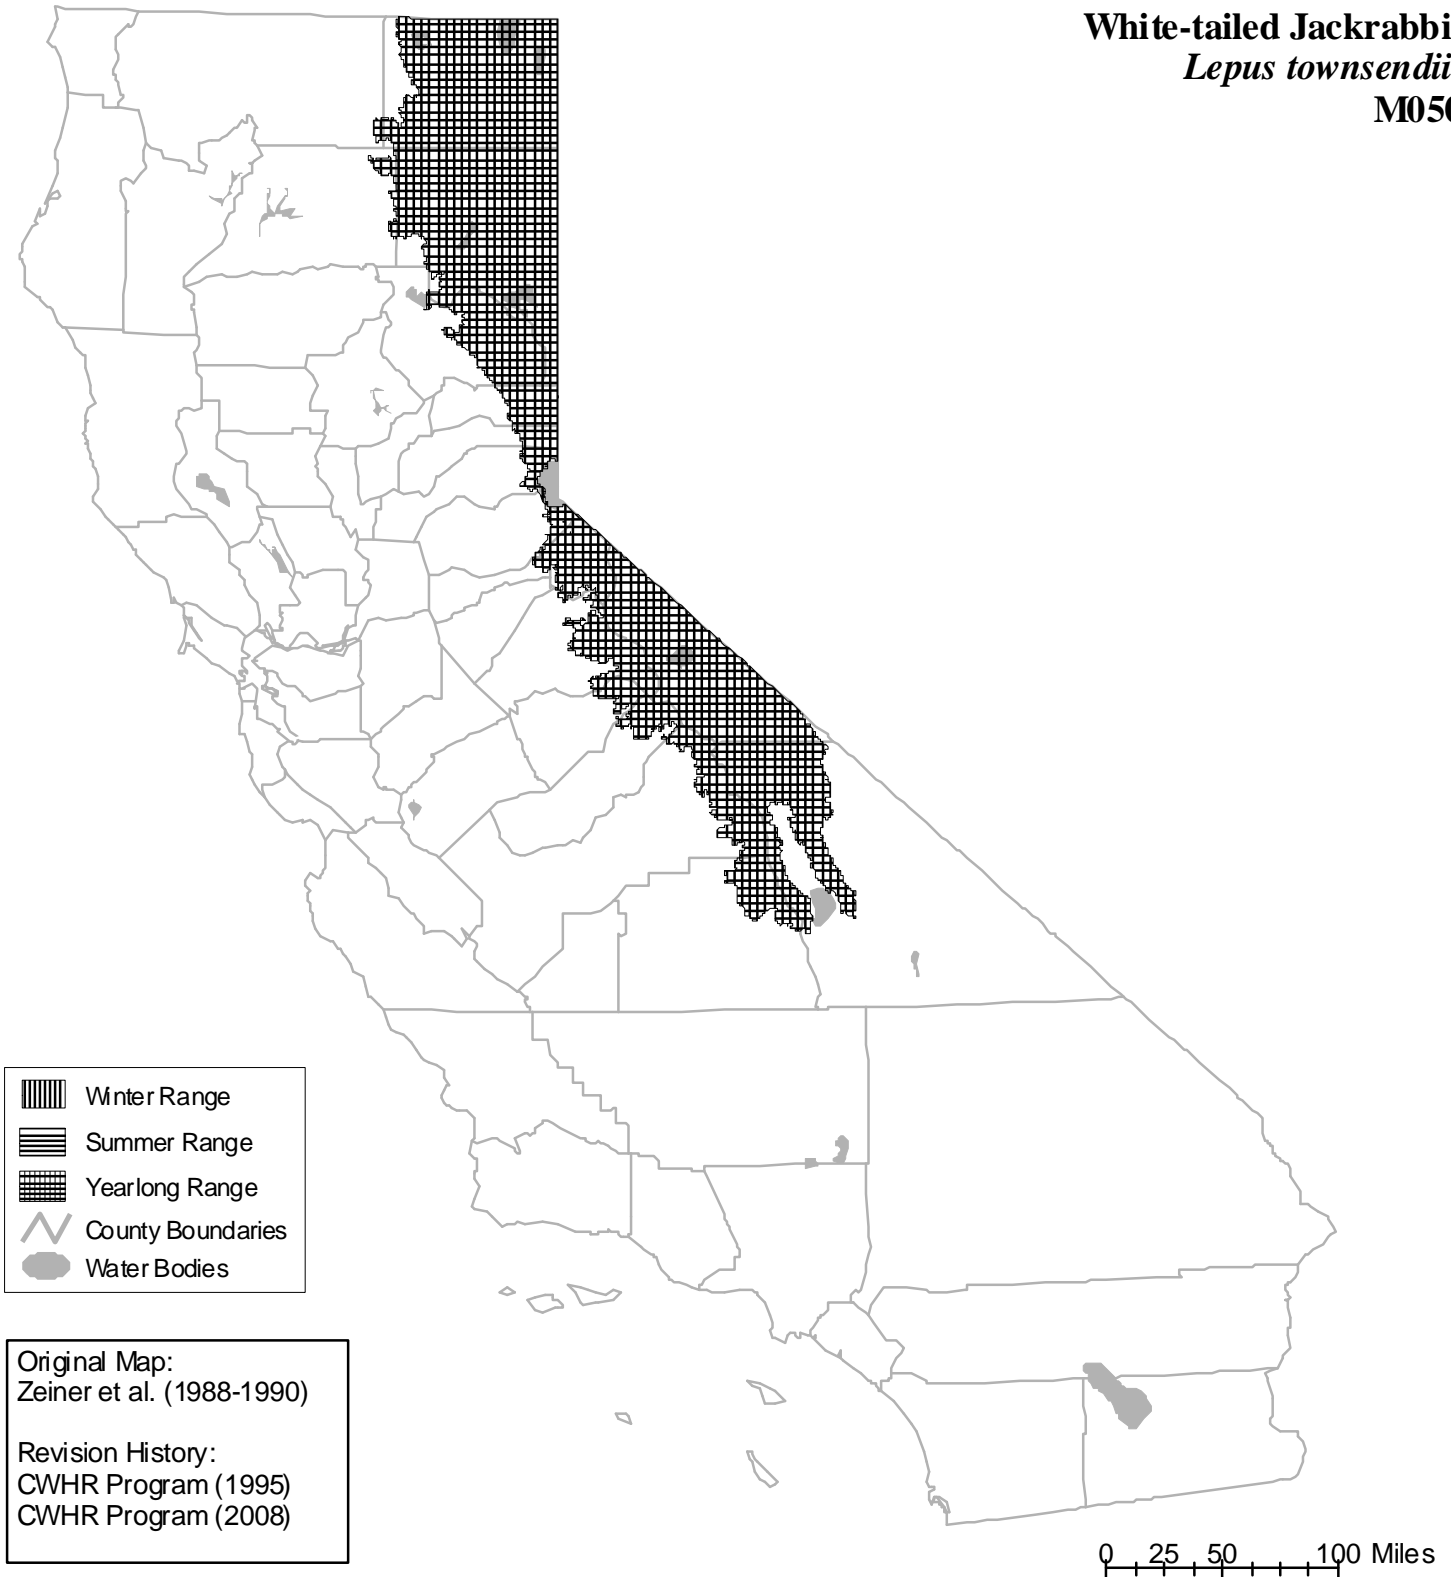

California Department of Fish and Wildlife

California Interagency Wildlife Task Group

White-tailed Jackrabbit

*Lepus townsendii*

M050

*Lepus townsendii townsendii* is the only representative subspecies of *Lepus townsendii* regularly occurring in California. Range maps are based on available occurrence data and professional knowledge. They represent current, but not historic or potential, range. Unless otherwise noted above, maps were originally published in Zeiner, D.C., W.F. Laudenslayer, Jr., K.E. Mayer, and M. White, eds. 1988-1990. California's Wildlife. Vol. I-III. California Depart. of Fish and Game, Sacramento, California. Updates are noted in maps that have been added or edited since original publication.
