

**Assistance with the Kelp Restoration and Management Plan
Science to Management
KRMP Science Advisory Committee 6th Meeting
December 5, 2024 (10:00 - 11:30 am PT, virtual)**

Meeting Goals:

- Verify that our indicators sufficiently indicate the status & trends of social and ecological parts of the system
- Identify thresholds for the indicators (starting with the red/poor state)

Meeting-relevant documents:

- Management Status with Thresholds
- Kelp Management Status Categories Heuristic Diagram
- Kelp Social System Status Definitions

Important (reference) documents:

- SAC Project Timeline for KRMP
- KRMP Indicator Selection Process Worksheet
- SAC Meeting 2&3 Synthesis Report
- Marina doc

AGENDA
