

TITLE 14. Fish and Game Commission
Notice of Proposed Changes in Regulations

NOTICE IS HEREBY GIVEN that the California Fish and Game Commission (Commission), pursuant to the authority vested by sections 265 and 355 of the California Fish and Game Code and to implement, interpret or make specific sections 265, 355 and 356 of said Code, proposes to amend Section 502, Title 14, California Code of Regulations (CCR), relating to waterfowl, migratory; American coot and common moorhen (common gallinule).

Informative Digest/Policy Statement Overview

Current regulations in Section 502, Title 14, CCR, provide definitions, hunting zone descriptions, and 2025-26 season opening and closing dates, and daily bag and possession limits for hunting of waterfowl, including migratory American coot and common moorhen (common gallinule). The proposed Frameworks for the 2026-27 season were approved by the Flyway councils in September and were considered at the U.S. Fish and Wildlife Service's (Service) Regulations Committee meeting in November. The Frameworks allow for a liberal duck season which includes: a 107-day season; a 7 daily duck limit including 7 mallards but only 2 hen mallards, 3 pintail, 2 canvasback, 2 redheads, and 2 scaup (during an 86-day season); and closing no later than January 31.

A range of season length (zero bag limit represents a closed season) and bag limit are provided for black brant. The ranges are necessary, as the black brant Framework cannot be determined until the Pacific Flyway Fall Brant Survey is conducted in October 2025. The proposed season length and bag limit will be updated per the regulatory packages identified in the Black Brant Harvest Strategy pending results of the fall 2025 survey by the February 2026 Commission meeting. See the Summary of Proposed Waterfowl Hunting Regulations for 2026-27 table in the Initial Statement of Reasons for a summary of season lengths and bag limits.

Lastly, Federal regulations provide that California's hunting regulations should conform to those of Arizona in the Colorado River Zone and those of Oregon in the North Coast Special Management Area.

The California Department of Fish and Wildlife-recommended changes to Section 502 are:

- 1) Modify the duck (including mergansers, American coot, common moorhen, and black brant) season length to 100 days for the Southern San Joaquin Valley Zone in subsection 502(d)(2)(B), the Southern California Zone in subsection 502(d)(3)(B), and the Balance of State Zone in subsection 502(d)(5)(B).
- 2) Modify the regular goose season length to 100 days for the Southern San Joaquin Valley Zone in subsection 502(d)(2)(B), the Southern California Zone in subsection 502(d)(3)(B) and the Balance of State Zone in subsection 502(d)(5)(B).
- 3) Increase the Large Canada goose daily bag limit to 3 in the Northeastern California Zone in subsection 502(d)(1)(C) and the Klamath Basin Special Management Area in subsection 502(d)(6)(C)3.
- 4) Decrease the white-fronted goose daily bag limit in the Northeastern California, Southern San Joaquin Valley and the Balance of State zones and the Klamath Basin Special Management Area to 6, subsections 502(d)(1, 2 and 5)(C) and 502(d)(6)(C)3., respectively.
- 5) Allow three days of falconry-only season for the Southern San Joaquin Valley, Southern California and Balance of State zones in subsections 502(g)(1)(B)2. through 4., respectively.

Minor editorial changes are also proposed to clarify and simplify the regulations and to comply with

existing federal Frameworks.

Benefits of the regulations

The benefits of the proposed regulations are consistency with federal law and the sustainable management of the state's waterfowl resources. Continued benefits to jobs and/or businesses that provide services to waterfowl hunters will be realized with the continued adoption of waterfowl hunting seasons in 2026-27.

Evaluation of incompatibility with existing regulations

The Commission has reviewed its regulations in Title 14, CCR, and conducted a search of other regulations on this topic and has concluded that the proposed amendments to Section 502 are neither inconsistent nor incompatible with existing state regulations. No other state agency has the authority to promulgate waterfowl hunting regulations.

Availability of Documents

Copies of the Notice of Proposed Action, the Initial Statement of Reasons, and the text of the regulation in underline and strikeout format can be accessed through the Commission website at www.fgc.ca.gov. The regulations as well as all related documents upon which the proposal is based (rulemaking file), are on file and available for public review from the agency representative, Melissa Miller-Henson, Executive Director, Fish and Game Commission, 715 P Street, Box 944209,

Sacramento, California 94244-2090, phone (916) 653-4899. Please direct requests for the above-mentioned documents and inquiries concerning the regulatory process to Melissa Miller-Henson or Jenn Bacon at FGC@fgc.ca.gov or at the preceding address or phone number. **Senior Environmental Scientist, Melanie Weaver, California Department of Fish and Wildlife, (916) 502-1139 or waterfowlmgmt@wildlife.ca.gov, has been designated to respond to questions on the substance of the proposed regulations.**

Availability of Modified Text

If the regulations adopted by the Commission differ from but are sufficiently related to the action proposed, they will be available to the public for at least 15 days prior to the date of adoption. Circumstances beyond the control of the Commission (e.g., timing of Federal regulation adoption, timing of resource data collection, timelines do not allow, etc.) or changes made to be responsive to public recommendation and comments during the regulatory process may preclude full compliance with the 15-day comment period, and the Commission will exercise its powers under Section 355 of the Fish and Game Code. Regulations adopted pursuant to this section are not subject to the time periods for adoption, amendment or repeal of regulations prescribed in sections 11343.4, 11346.1, 11346.4, and 11346.8 of the Government Code. Any person interested may obtain a copy of said regulations prior to the date of adoption by contacting the agency representative named herein.

If the regulatory proposal is adopted, the final statement of reasons may be obtained from the address above when it has been received from the agency program staff.

Impact of Regulatory Action/Results of the Economic Impact Assessment

The potential for significant statewide adverse economic impacts that might result from the proposed regulatory action has been assessed, and the following initial determinations relative to the required statutory categories have been made:

(a) Significant Statewide Adverse Economic Impact Directly Affecting Business, Including the Ability of California Businesses to Compete with Businesses in Other States:

The proposed action will not have a significant statewide adverse economic impact directly affecting business, including the ability of California businesses to compete with businesses in other states. The proposed 2026-27 waterfowl regulations are expected to maintain a similar level of recreational waterfowl hunting opportunity for the public and therefore the same levels of business competitiveness.

(b) Impact on the Creation or Elimination of Jobs Within the State, the Creation of New Businesses or the Elimination of Existing Businesses, or the Expansion of Businesses in California; Benefits of the Regulation to the Health and Welfare of California Residents, Worker Safety, and the State's Environment:

The Commission does not anticipate any impacts on the creation or elimination of jobs, the creation of new business, the elimination of existing businesses, or the expansion of businesses in California. The proposed waterfowl regulations will set the 2026-27 waterfowl hunting season dates and bag limits within the federal Frameworks. The total hunting season length is proposed to remain the same as the current (2025-26) 107 days, with only modifications to the season types (duck, goose or falconry-only); these modifications will have little to no impacts to jobs and/or businesses that provide services to waterfowl hunters. The Commission anticipates that the proposed 2026-27 waterfowl hunting regulations will provide benefits for the health and welfare of California residents by providing opportunity for outdoor

activity. The Commission expects no benefits to worker safety as that is not a subject of the proposed regulation. The Commission does expect benefits to the environment in that setting these regulations facilitates maintenance of sufficient waterfowl populations and their habitats while providing for the public's beneficial use and enjoyment.

(c) Cost Impacts on a Representative Private Person or Business:

The Commission is not aware of any cost impacts that a representative private person or business would necessarily incur in reasonable compliance with the proposed action.

(d) Costs or Savings to State Agencies or Costs/Savings in Federal Funding to the State:

None.

(e) Nondiscretionary Costs/Savings to Local Agencies:

None.

(f) Programs Mandated on Local Agencies or School Districts:

None.

(g) Costs Imposed on any Local Agency or School District that is Required to be Reimbursed Under Part 7 (commencing with Section 17500) of Division 4, Government Code:

None.

(h) Effect on Housing Costs:

None.

Effect on Small Business

It has been determined that the adoption of these regulations may affect small business. The Commission has drafted the regulations in Plain English pursuant to Government Code Sections 11342.580 and 11346.2(a)(1).

Consideration of Alternatives

The Commission must determine that no reasonable alternative considered by the Commission, or that has otherwise been identified and brought to the attention of the Commission, would be more effective in carrying out the purpose for which the action is proposed, would be as effective and less burdensome to affected private persons than the proposed action, or would be more cost effective to affected private persons and equally effective in implementing the statutory policy or other provision of law.
