Frequently Asked Questions (FAQs)

Q1: I submitted my PreApplication and was invited to the Full Application stage through the old grant process. How do I submit my Full Application?

A1: You will submit your Full Application through the old grant process. Please coordinate with your WCB main contact for templates and further guidance. If you don't have a WCB main contact, please refer to the [Contact WCB webpage](#) under Land Acquisition or Restoration and Development for a contact appropriate to your proposed project.

Q2: Can I have multiple Collaborators on one Pre- or Full Application?

A2: Yes, whoever started the PreApplication can invite Collaborators to work on the Pre- and Full Application with you. See the [WCB Project Portal Applicant Guide](#) for instructions.

Q3: I'm a contractor submitting a PreApplication on behalf of an Organization. Should I register myself under their Organization or my own or as an Individual?

A3: We suggest that you register under your own Organization or as an Individual and have your client's staff start the PreApplication and add you as a Collaborator.

Q4: I started my PreApplication as an Individual user, and I can't update the Applicant Organization information. How can I change this?

A4: Contact the [WCB Project Portal Help Desk](#) with the Application ID and what information you'd like to update, and they can make the change for you.

Q5: Is there a way to review the Application questions beforehand, so our staff and partners can draft our responses before starting the Application?

A5: Yes. Reference documents for the Pre- and Full Applications can be downloaded on the [WCB Grant Opportunities webpage](#).
