

**WILDLIFE HABITAT RELATIONSHIP DATABASE SYSTEM
PLM DATA REVIEW FORM**

Review of potential species affected on PLM areas is required by Section 601 (b)1(B). Successful review is determined by the quality and amount of information which is provided. Please complete the following form as thoroughly and accurately as possible.

1. PLM AREA: _____

2. LOCATION: (see location menu)

County _____ Region _____

Lat/Long _____

3. HABITAT(S) PRESENT ON AREA (use only those listed in habitat/class guide)

<u>Habitat</u>	<u>Size Class</u>	<u>Canopy Closure Class</u>
----------------	-------------------	-----------------------------

1.	_____	_____	_____
----	-------	-------	-------

2.	_____	_____	_____
----	-------	-------	-------

3.	_____	_____	_____
----	-------	-------	-------

4.	_____	_____	_____
----	-------	-------	-------

5.	_____	_____	_____
----	-------	-------	-------

6.	_____	_____	_____
----	-------	-------	-------

4. ELEMENTS SELECTION: (use element selection form)

+ present

- absent

It is not necessary to mark "+" or "-" on each element. Only choose those elements absolutely absent, which you think would affect the analysis.

4. DEPARTMENT CONTACT: _____
