Instructions for Participating via Webinar and Phone

The August 12-13, 2026 California Fish and Game Commission meeting is being held in person in Sacramento, with an option to participate via webinar and phone. This document provides guidance for how to participate in the meeting by webinar or phone, with different options based on the technology available to you, and whether you intend to give public comment. The Commission will make a reasonable effort to provide the public additional opportunities to provide public comment and observe the meeting remotely; in the event technical issues arise that impact the experience of remote attendees, we will attempt to resolve them, but the meeting will continue with those joining in person. For details regarding in-person meeting participation, please see the meeting agenda.

Best Practices for Participating in a Zoom Webinar

- The name that you enter as your Zoom display name is the name staff will call when it is your turn to speak.
- You do not have to use your real name and/or your last name if you prefer not to. However, please make sure your display name is unique; you could do this by adding an initial or another word that will differentiate you from other participants with the same display name.
- You will be asked to raise your hand at the beginning of each agenda item to comment on that item. The time to raise your hand to join the queue for each item is limited, so please listen carefully for the announcement at the beginning of each agenda item.
- After you raise your hand, please keep it raised. Staff will record all names for the agenda item and then lower all hands at the same time. Please do not raise your hand again after it has been lowered by staff unless the Commission has moved to the next agenda item.
