California Interagency Wildlife Task Group

White-throated Woodrat *Neotoma albigula* M125

Neotoma albigula venusta is the only representative subspecies of *Neotoma albigula* regularly occurring in California. Range maps are based on available occurrence data and professional knowledge. They represent current, but not historic or potential, range. Unless otherwise noted above, maps were originally published in Zeiner, D.C., W.F. Laudenslayer, Jr., K.E. Mayer, and M. White, eds. 1988-1990. California's Wildlife. Vol. I-III. California Depart. of Fish and Game, Sacramento, California. Updates are noted in maps that have been added or edited since original publication.
