Additional Permit Notifications, Requirements, or Conditions Attached: ☐ Yes

☐ No

Under the authority of sections 5503 and 15300 of the Fish and Game Code and Section 243, Title 14, CCR, permission is hereby granted to applicant to collect wild stock as specified above for use in developing a domestic broodstock.

The following conditions apply to this permit.

- Any species taken incidentally shall be returned immediately and in good condition to the water where taken.
- The permittee or their designated collector shall have this permit in their possession when collecting broodstock and transporting it to permittee's facility.
- Broodstock shall be held only at business location listed above.
- The permittee shall notify the Department contact specified below of the collection date, time and location no less than 48 hours in advance.
- All costs of the operation and/or monitoring shall be borne by the permittee.
- Within 6 months of permit's expiration date, permittee shall report to the Aquaculture Coordinator, Department of Fish and Game, the number of broodstock collected, the location and condition of the broodstock, and the number of progeny cultured.

This permit may be revoked or amended as necessary before expiration date for reasons listed in Section 243(i), Title 14, CCR.
