SAN LUIS OBISPO COUNTY ARTIFICIAL REEF

Center Coordinates: 35° 11' 25" N x 120° 49' 55" W
Compass Bearing: Not available — no reasonable point of reference.
Year Constructed: 1984–1985
Materials Used: 27,000 tons concrete tribar and rubble
Comments: Nursery ground for rockfish. Large numbers of adult blue rockfish. Very lush algae growth. Good photo opportunities for divers on days with clear water.

Depth: 42–52 ft. (MLLW)
Area: 13 acres

Diver conducting biological surveys in forest of bull kelp.
Bull kelp growing on piece of cement tribar.
