REQUIREMENTS FOR OBTAINING A TRAPPING LICENSE
(PEST CONTROL ONLY)

When applying for your first pest control trapping license, you are required to take and pass a supervised, written trapping examination. The study material for the examination is located at https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=84665&inline.

The examination is designed to test your knowledge of the California Laws and Regulations pertaining to trapping, and the natural history of California furbearing and nongame mammal species authorized to trap. When you are prepared to take the examination, contact your local Department of Fish and Wildlife office, listed below, for an appointment. You must take the completed Trapping License Application (DFW 1389) with you to the examination, located at https://nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=84525.

Upon passing the examination, mail the completed Trapping License Application (DFW 1389), a legible copy of your identification, and license fee, to the California Department of Fish and Wildlife, License and Revenue Branch, 1740 N. Market Blvd., Sacramento, California 95834. The Department’s License and Revenue Branch will issue your trapping license by U.S. Mail.

Nonresidents: A nonresident trapping license may only be issued if the state in which the nonresident resides, provides for issuance of a nonresident trapping license to California residents. Additionally, a nonresident issued a California trapping license may take only those species and take or possess only that quantity of a species, which a California resident may take or possess under a nonresident trapping license or permit, in the state of residence of that nonresident. Nonresidents must also provide to the Department a copy of their trapping license or permit from their current state of residence.

The Department will assign a permanent trap number, which will be printed on your trapping license. Before using any traps, the permanent trap number must be clearly stamped on the trap, on a metal tag attached to the chain of the trap, or to any part of the trap.

Contact the Department's License and Revenue Branch at (916) 928-5852 or SPU@wildlife.ca.gov, if you need additional information about trapping.

INDIVIDUAL IDENTIFICATION REQUIREMENT

Section 700.4(c), Title 14, of the California Code of Regulations (CCR) states any applicant applying for any license, tag, permit, reservation or other entitlement issued via the Automated License Data System (ALDS) shall provide valid identification. Acceptable forms of individual identification include:
