

Table 1.4-1. Recreational Data Sources (X = dataset does provide information)			
	MRFSS	CPFV Logbooks	Northern/Central California CPFV Onboard Sampling <sup>1</sup>
Bycatch	X	X <sup>2</sup>	X
Catch per angler	X	X	X
Catch per angler hour		X	X
Compliance estimates		in conjunction with column 3	in conjunction with column 2
Developing and evaluating sport regulations	X	X	X
Economic information	X		
In-season monitoring	(limited)	(very limited)	
Marine bird interactions		limited	X
Marine mammal interactions		limited	X
Mean length	X		X
Seasonal catch	X	in conjunction with column 3	in conjunction with column 2
Species composition of catch	X	X (Rockfish grouped)	X
Total catch estimates (MT)	X		
Total catch estimates (No. fish)	X	X (Rockfish grouped)	in conjunction with column 2
Total effort estimates (No. anglers)	X	X	in conjunction with column 2
Trends by fishing location			X
Trends by port area		X	X

1. primarily rockfishes and lingcod

2. not for individual rockfish species until 2000 then only for some spp
