<sup>1</sup> 1936-1964 commercial catches from Collyer (1949) and Thomas (1968), 1965-2000 commercial values from DFG landing data. 1936-1979 recreational catches from CPFV logbook database, 1980-2000 recreational values from CPFV logbook data plus PSFMC Recfin data.

<sup>2</sup> Computed value, 12 pounds per fish for CPFV, private and rental boats, 5 pounds per fish for shore-based fishing (Collyer 1949, Thomas 1968).

Data from 1980 - 1989 and 1993 -2000 were taken from the RecFIN database.

<sup>3</sup> Computed value, 25 pound per fish (Collyer 1949, Thomas 1968).

<sup>4</sup> Preliminary figures through September, 2000.
