| Introduction .....                | 1    |
| 1. Giant Kelp .....               | 1-1  |
| 2. Bull Kelp .....                | 2-1  |
| 3. Sea Palm.....                  | 3-1  |
| 4. California Spiny Lobster ..... | 4-1  |
| 5. Rock Crabs .....               | 5-1  |
| 6. Dungeness Crab .....           | 6-1  |
| 7. Sheep Crab .....               | 7-1  |
| 8. Abalones .....                 | 8-1  |
| 9. Red Sea Urchin .....           | 9-1  |
| 10. Purple Sea Urchin .....       | 10-1 |
| 11. Sea Basses .....              | 11-1 |
| 12. Ocean Whitefish .....         | 12-1 |
| 13. Surfperches .....             | 13-1 |
| 14. California Halibut .....      | 14-1 |

## List of Figures

|            |  |     |
|------------|--|-----|
| Figure 1.1 | Annual commercial landings (tons) of giant kelp from 1916 to 2001 .....  | 1-2 |
| Figure 1.2 | The life cycle of giant kelp.....  | 1-4 |
| Figure 1.3 | Kelp forest densities from aerial surveys completed in 1967, 1989, and 1999 .....  | 1-5 |
| Figure 4.1 | Annual (calendar year) commercial landings (pounds) of California spiny lobster from 1916 to 2001.....   | 4-1 |
| Figure 4.2 | Commercial landings (pounds) of California spiny Lobster by season (early October to mid-March) from the 1935-1936 season to the 2000-2001 season.....   | 4-2 |
| Figure 4.3 | Number of lobster operator permits issued for the commercial California spiny lobster fishery from the 1980-1981 season to the 2001-2002 season.....   | 4-4 |
| Figure 5.1 | Annual commercial landings (pounds) of yellow, brown, and red rock crabs from 1916 to 2001 .....   | 5-1 |
| Figure 6.1 | Annual (calendar year) commercial landings (pounds) of Dungeness crab from 1916 to 2001.....   | 6-1 |
| Figure 6.2 | Commercial landings of Dungeness crab by season (late fall to early summer) for northern California (includes Eureka, Crescent City, and Fort Bragg) and central California (includes Bodega Bay, San Francisco area, Monterey, and Morro Bay) ..... | 6-2 |
| Figure 6.3 | Total number of permits (resident and non-resident) issued for the commercial Dungeness crab fishery from the 1992-1993 license year (April 1 through March 31) to the 2002-2003 (preliminary) license year.....                                     | 6-5 |
| Figure 7.1 | Annual commercial landings (pounds) of sheep crab from 1916 to 2001 .....  | 7-1 |
| Figure 8.1 | Annual commercial landings (pounds) of red, pink, green, white, black, and unspecified abalone from 1916 to 2001 .....   | 8-1 |
| Figure 8.2 | Annual commercial landings (pounds) of red abalone from 1950 to 2001 .....   | 8-2 |
| Figure 8.3 | Annual commercial landings (pounds) of pink abalone from 1950 to 2001.....   | 8-3 |
| Figure 8.4 | Annual commercial landings (pounds) of green abalone from 1950 to 2001.....  | 8-3 |
| Figure 8.5 | Annual commercial landings (pounds) of white abalone from 1950 to 2001.....  | 8-4 |
| Figure 8.6 | Annual commercial landings (pounds) of black abalone from 1950 to 2001 .....   | 8-4 |
| Figure 9.1 | Annual commercial landings (pounds) of red sea urchin from 1916 to 2001.....   | 9-1 |

|             |  |      |

| Figure 9.2  | Annual commercial landings (pounds) of red sea urchin in northern California and southern California from 1971 to 2001 .....   | 9-2  |
| Figure 9.3  | The proportion of commercial red sea urchin landings in southern California taken from the northern Channel Islands, southern Channel Islands, and mainland from 1981 to 2001 .....              | 9-2  |
| Figure 9.4  | Comparison of northern California red sea urchin landings (pounds) and CPUE (pounds per diver-day) from 1988 to 2001 .....   | 9-3  |
| Figure 9.5  | Number of sea urchin diving permits issued for the commercial red and purple sea urchin fisheries from the 1987-1988 license year (April 1 through March 31) to the 2002-2003 license year ..... | 9-6  |
| Figure 10.1 | Annual commercial landings (pounds) of purple sea urchin from 1916 to 2001 .....   | 10-1 |
| Figure 11.1 | Annual commercial landings (pounds) of sea basses (combined landings of kelp bass, barred sand bass, and spotted sand bass) from 1916 to 1953 .....  | 11-1 |
| Figure 11.2 | Recreational commercial passenger fishing vessel (CPFV) landings (number of fish) as reported on CPFV Logbooks for kelp bass, barred sand bass, and spotted sand bass from 1947 to 2001 .....    | 11-2 |
| Figure 11.3 | Estimated recreational catch (pounds) of kelp bass, barred sand bass, and spotted sand bass from 1980 to 1989 and 1993 to 2001 .....   | 11-3 |
| Figure 12.1 | Estimated recreational catch (pounds) of ocean whitefish from 1980 to 1989 and 1993 to 2001 .....  | 12-1 |
| Figure 12.2 | Recreational commercial passenger fishing vessel (CPFV) landings (number of fish) as reported on CPFV Logbooks for ocean whitefish from 1947 to 2001 .....                                       | 12-2 |
| Figure 12.3 | Annual commercial landings (pounds) of ocean whitefish from 1916 to 2001 .....   | 12-3 |
| Figure 13.1 | Annual commercial landings (pounds) of surfperches from 1916 to 2001 .....   | 13-2 |
| Figure 13.2 | Estimated recreational catch (pounds) of surfperches from 1980 to 1989 and 1993 to 2001 .....  | 13-4 |
| Figure 14.1 | Annual commercial landings (pounds) of California halibut from 1916 to 2001 .....  | 14-1 |
| Figure 14.2 | Estimated recreational catch (pounds) of California halibut from 1980 to 1989 and 1993 to 2001 .....   | 14-3 |
| Figure 14.3 | Recreational commercial passenger fishing vessel (CPFV) landings (number of fish) as reported on CPFV Logbooks for California halibut from 1947 to 2001 .....                                    | 14-4 |
