The department may issue such a license upon terms and conditions as the commission may prescribe, and the commission may at any time revoke such a license for sufficient cause.

§3202. Breeder's Licenses - Class 1 and Class 2

There are classes of domesticated game breeder's licenses, designated "class 1" and "class 2".

(a) A class 1 domesticated game breeder's license authorizes the licensee to engage in all domesticated game breeding activities, except that not more than 175 Chinese ringneck or Mongolian ringneck pheasants, or both, or hybrids thereof, may be sold under a class 1 license.

(b) A class 2 domesticated game breeder's license is required in order to sell more than 175 Chinese ringneck or Mongolian ringneck pheasants, or both, or hybrids thereof, and entitles the licensee to all rights and privileges of a class 1 license.

§3203. Game Breeder License Fees

The department shall issue a class 1 domesticated game breeder's license upon the payment of a base fee of eight dollars (\$8), as adjusted under Section 713, a class 2 domesticated game breeder's license upon payment of a base fee of forty dollars (\$40), as adjusted under Section 713.

§3204. Term and Display of Breeder's License

Licenses issued under the provisions of this article are valid for a term of one year from January 1st, or, if issued after the beginning of such term, for the remainder thereof.

A domesticated game breeder's license shall be conspicuously displayed on the property where the birds or mammals are held in captivity.

§3205. Transport Live Domesticated Game - Carriers for Hire

Carriers for hire may carry within the State live domesticated game birds and mammals upon such terms and conditions as the commission may prescribe.

§3206. Transport or Sell Dead Domesticated Game - Requirements

No domesticated game bird or mammal shall be transported or sold dead unless each quarter and each loin of the carcass of each large mammal, the carcass of each bird, except as provided in Section 2401 for a domesticated game bird raised outside this State, and the carcass of each small mammal is tagged with a domesticated game breeder's tag or seal. The tag or seal shall not be removed until such quarter, loin, or carcass is prepared for consumption.

No tag so affixed shall be used again.

No tag or seal shall be sold by the department to anyone other than a person who is legally in possession of domesticated game.

§3207. Tag or Seal Fees

The department shall collect three cents (\$0.03) for each tag or seal.

§3208. Reports by Game Breeders

On or before January 31st of each year, every person to whom a domesticated game breeder's license has been issued shall report the following to the department on a form provided by the department:

(a) The total number of each species of game birds and mammals killed, sold, or shipped during the preceding year.

(b) The names of the persons to whom such game birds or mammals were sold or shipped.

(c) The name of the person in whose presence such game birds or mammals were tagged.

(d) A complete list of the game birds and mammals held in his possession at the time the report is made.

Such report shall be verified by the affidavit of the licensee.

§3212. Sell Meat for Consumption on Premises; Inspections

The keeper of a hotel, restaurant, boardinghouse, or club may sell portions of a quarter or loin of a large mammal, or the carcass of a game bird or mammal raised or imported under a domesticated game breeder's license, to a patron for actual consumption on the premises only, and no license for that purpose shall be required of such keeper or club. All keepers of hotels, restaurants, boardinghouses, or clubs who sell any such game for consumption to a patron shall be required to submit to the inspection of their premises by the department and shall display for such inspection any carcass or parts thereof held in storage for sale. All such game shall be tagged under Section 3206.

§3213. Sale of Carcass or Parts by Retail Meat Dealer

A retail meat dealer may, without a license, sell portions of a quarter or loin of a large mammal or the carcass of a game bird or mammal raised or imported under a domesticated game breeder's license to a customer for actual consumption.

Retail dealers shall submit their premises to inspection by the department, and shall display at any authorized inspection any carcass or parts thereof held by them in storage. Such game meat or carcasses shall be tagged under Section 3206.

§3214. Confinement of Domesticated Game Mammals - Requirements

Domesticated game breeders or other persons holding domesticated game mammals in captivity shall confine the mammals in escape-proof cages or enclosures. In the event any of the mammals escape from the cages or enclosures, the owner shall immediately make every reasonable effort to recapture them. If the owner fails to recapture the escaped mammals, the department may capture the mammals or remove them from the wild by whatever means may be necessary if, in the opinion of the department, the mammals may conflict with native species of birds or mammals or cause damage to public or private property. The owner shall reimburse the department for all costs incurred in capturing

or removing the mammals from the wild. The owner of the mammals shall be responsible for any damage they may cause to public or private property.

Any domesticated big game mammal may be marked with ear tags or other suitable markings or tags, as may be specified by the commission, which shall identify the owner of the mammals.

§3216. Method of Killing; Exceptions

All domesticated game birds and mammals, excepting deer, sold under the provisions of this article, shall be killed otherwise than by shooting. This section does not apply to licensed pheasant clubs, licensed domesticated migratory game bird shooting areas, or to the training or practice of hunting dogs.

§3217. Carcass of Game Birds as Prima Facie Evidence

The carcass of a game bird which shows that it has been killed by shooting shall constitute prima facie evidence that it was not a domesticated game bird. The fact that the bird has been tagged in accordance with Section 3206 of this code shall not alter this presumption.

§3218. Revocation of License for Violations

Any license issued under this article may be revoked by the commission upon conviction of the licensee of a violation of any provision of this code, and no similar license may be issued to the licensee during the same license year.
