Commercial Boat Registration	
Resident	\$387.25
Nonresident	\$1,146.75
Scientific Collecting Permit	\$291.50
Nonrefundable Scientific Collecting Permit Application Fee	\$78.02

Fish and Game Commission Approval

Pursuant to Section 658, Title 14, of the California Code of Regulations (CCR), a biological supply house must obtain Fish and Game Commission approval in order to take bullfrogs to sell to scientific or educational institutions. Approval can be requested by contacting the Commission at fgc@fgc.ca.gov or P.O. Box 944209, Sacramento, California 94244-2090, and asking to be placed on the agenda of one of their regularly scheduled meetings. The Commission and Department must be provided with the necessary documentation required in Section 658, Title 14, of the CCR.

Checklist for Renewing Your Biological Supply House Permit

Please read the instructions on the back of the application before completing it. Incomplete applications will be returned and may delay the issuance of your permit.

- Mail the completed application, a copy of your identification (for new applicants only), and copies of applicable city or county business permits.
- Enclose your check or money order.
- When paying by credit card, complete and sign the enclosed Credit Card Authorization Payment Form and include the expiration date of the credit card, CVC number, and your daytime telephone number.
- In addition to the Biological Supply House Permit, a Field Collecting Permit is required. Field Collecting Permits are issued by the Department's regional office where the collecting will take place. Please contact the appropriate office listed on the back of the Biological Supply House Permit Application.
- Allow 15 business days for processing.

Forms, Laws, and Regulations

The Biological Supply House forms, laws, and regulations are available online at www.wildlife.ca.gov/Licensing/Biological-Supply-House.

Additional Requirements for Collecting Bullfrogs

In addition to a Biological Supply House Permit, each person collecting bullfrogs for a qualified scientific or educational institution must possess a Commercial Fishing License and Scientific Collecting Permit. Each boat used for collecting bullfrogs must be registered with the Department as a commercial fishing vessel.
