**ELECTRONIC FISH TICKET REPORTING REQUIREMENTS**

Effective July 1, 2019, fish businesses that possess one or more of the licenses listed below must report landings electronically:

- Multifunction license (for fish businesses that report the sale or delivery of commercial fish landings)
- Fisherman’s retail license
- Fish receiver’s license

All commercial landings must be submitted through the E-Tix application, which is managed by the Pacific States Marine Fisheries Commission (PSMFC). Log in to the E-Tix application on the PSMFC E-Tix web page.

**IMPORTANT INFORMATION**

- **Sablefish**, groundfish trawl, and bluefin tuna landings must be submitted via E-Tix **within 24 hours**.

- **All other landings** must be submitted via E-Tix **within three business days**.

- Electronic fish tickets should be filled out immediately upon landing using the E-Tix system. If not feasible, a dock ticket including all required information must be filled out when fish are landed.

- **If you have internet access** (mobile, tablet, or computer) to enter a landing directly into E-Tix at the time of offloading, the system will automatically generate a fish ticket number for the landing information.

- **If there is no internet available at the time of offloading** – you must plan ahead by logging in to the E-Tix system and generating a fish ticket number (or multiple numbers) to use on paper dock tickets.

- If you use paper dock tickets, the electronic fish ticket number generated via E-Tix prior to receiving a landing must be included on the dock ticket. You can also print out a dock ticket with the fish ticket number on it before buying fish. The required information on the dock ticket needs to be entered into E-Tix and submitted within the submission deadlines mentioned above.

- Paper copies of the electronic fish ticket or dock ticket must be signed by both the buyer and fisherman, and a copy must be given to the fisherman at the time of the landing.

- Both buyer and fisherman must keep paper copies of electronic fish tickets or dock tickets for four years and make them available for inspection by the California Department of Fish and Wildlife (CDFW).

- Existing requirements to keep paper records onboard the vessel for groundfish, California Sheephead, tanner crab, rock crab, non-Cancer crabs, and salmon still apply.

CALIFORNIA FISH DEALER’S RESPONSIBILITIES UNDER NOAA FISHERIES CAPACITY REDUCTION PROGRAM

As a newly licensed Commercial Fish Business in the state of California, you are obligated under Title 50 Section 600.1102, Pacific Coast Groundfish Fee, to collect fees for repaying the $35,662,471 reduction loan which financed the Pacific Coast Groundfish Fishing Capacity Reduction Program.

What does this mean for you?

If you are the first buyer of fish, you are responsible for collecting from the vessels (fish sellers) the fee for every pound of fee fish landed on every day until further notice. Fee fish are the following species:

- Trawl harvested groundfish (except whiting catcher-processors)
- Coastal Dungeness crab
- Pink Shrimp

For a complete listing of groundfish included, please visit www.westcoast.fisheries.noaa.gov/fisheries/groundfish.

How Do I Collect the Fee?

You simply deduct the fee from the net trip proceeds owed to the vessel (fish seller). (i.e.: Vessels sells $1,000 worth of fish to you, the fee rate on the fish is 5%, then the fee is $50, thus you pay the vessel $950 and retain and remit the $50 collected fee). The fee is based on the full, fair-market value of the fee fish which the vessel sells to you. This includes the value of all in-kind compensation or all other goods and services which you pay the vessel in lieu of cash plus any and all deferred cash compensation.

Fee Rate

Each fee rate is a percentage of the full, fair market, gross ex-vessel value of the fee fish and is subject to change:

- Groundfish - 5%
- Dungeness Crab - 1.24%
- Pink Shrimp - 5%

What Do I Do with the Fees I Collect?

At a minimum, at the end of each month you must deposit the fees collected for that month into a federally insured depository institution. All deposit accounts must be federally insured.

You must disburse to NOAA Fisheries the collected fees in the depository accounts at least once a month so that the disbursement reaches NOAA Fisheries by the 14th calendar day of the following month. However, if the depository account of any month is less than $100, then you do not have to disburse the collected fees until there is over $100 in the account, except at the end of the year, all funds must be disbursed and received by NOAA Fisheries by the 14th day of the New Year.

You may disburse the collected fees to us either electronically or by check. The electronic payment system is named Pay.Gov and can be accessed at www.pay.gov.

You have two Pay.Gov payment options:

1.) Bank account debit (ACH) or 2) Credit Card

2.) Paper checks shall be mailed to the following address:

- NOAA Fisheries Pacific Coast
- Groundfish Buyback
- Post Office Box 979059
- St. Louis, MO 63197-9000

Fee Collection Report

With each disbursement, you are required to submit a Fee Collection Report that identifies you (the buyer), the fee fish on which the collected fees are being disbursed, and how the disbursement is to be credited to one or more of the fee fisheries. If paying electronically, the report can be completed and transmitted electronically at the same time of payment. If paying by check, the fee collection report must be submitted with the payment.

Penalties

Fee payment and fee collection is mandatory. There are severe penalties for you and the vessel (fish sellers) for failing to pay or collect/disburse fees.

This represents a portion of the full regulations governing your responsibilities under the NOAA Fisheries Groundfish Capacity Reduction Program, for a complete set of rules and regulations please visit our website at www.fisheries.noaa.gov or contact the people listed below:

EXCERPTS FROM THE FISH AND GAME CODE AND TITLE 14, CALIFORNIA CODE OF REGULATIONS

A complete copy of the Fish and Game Code is available at www.leginfo.legislature.ca.gov, and a complete copy of Title 14, California Code of Regulations is available at https://oal.ca.gov/publications/ccr/.

The following excerpts from the Fish and Game Code and/or the California Code of Regulations, Title 14, provide essential information about specific commercial fisheries; but do not provide a complete summary of all commercial fishing laws and regulations. Since the codes may be amended at any time, it is the licensee’s responsibility to be knowledgeable of, and abide by, all laws and regulations in effect at the time he/she participates in any commercial fish business activity. Any discrepancies between this document and the code(s) from which it was prepared will be enforced and adjudicated according to the official code(s) in effect on the date the activity takes place.

§700.4. Automated License Data System.  
(a) Defined:  
For the purposes of this Division the “Automated License Data System” or “ALDS” is an automated system that replaced the Department’s paper license inventory system. ALDS allows license items to be printed instantly using point of sale terminals and is available at Department license agents and Department license sales offices located throughout the state. ALDS also allows applicants to apply for licensing via the Internet.  
(b) Get Outdoors Identification Number  
The first time any applicant applies for any license, tag, permit, reservation or other entitlement via ALDS, the applicant shall receive a unique Get Outdoors Identification Number or “GO ID.” The GO ID shall not be transferable to any other person.
