GENERAL PROVISIONS FOR SALMON VESSEL PERMIT TRANSFERS

Commercial Salmon Vessel Permit (SVP) transfers are allowed only under California Fish and Game Code (FGC) Section 8239.

The nonrefundable fee for each transfer is \$200 and must be submitted with the transfer application.

Salmon Vessel Permits must be valid with the Department of Fish and Wildlife (Department) before a transfer application will be reviewed.

The permit for the permitted vessel must be current, and the owner of the permitted vessel make assurances in the application that any renewal of the permit which becomes due during the application period will be made.

The permittee cannot sell the vessel and retain the SVP. The permittee must own the vessel until the transfer has been completed. If the vessel owner sells the permitted vessel before the transfer review process is completed, the permit belongs to the new owner of the vessel.

Ownership of Permitted Vessel (FGC Section 8239(g)(h))

The permittee must have 50 percent or greater ownership interest in the permitted vessel and in the replacement vessel, and has maintained ownership in the permitted vessel for not less than 18 months prior to the date of the transfer. Exceptions to 18 month ownership requirement are vessels that are accidentally lost, stolen, or destroyed. (FGC Section 8239.1(a))

Lien/Mortgage Holder Approval (FGC Section 8239(i))

If the permitted vessel has a lien holder or mortgage holder, an original notarized letter of approval to transfer the SVP must be submitted from the lien holder or mortgage holder.

Determination for Issuance of Replacement Vessel Permit (FGC Section 8241)

The Department shall issue the permit for use on a replacement vessel if it determines the following:

- The replacement vessel has the same fishing potential as, or less fishing potential than, the permitted vessel.
- The replacement vessel's fishing potential will not substantially increase fishing capacity over that which resulted from the operation of the permitted vessel.
- The applicant owns the replacement vessel.

Fishing Potential (FGC Section 8231(e))

"Fishing potential" means the capability and capacity for harvesting salmon of a particular commercial fishing vessel. "Fishing potential" includes, but is not limited to, a rating based upon factors such as size, seaworthiness, propulsion system, hold size, and hull design. Photographs are used to identify and compare the fishing potential between the permitted and replacement vessels.

Proof of Vessel Ownership (FGC Section 7601)

The Department accepts the following as proof of vessel ownership:

- United States Coast Guard Certificate of Documentation
- California Department of Motor Vehicle Registration; or
- Out of state vessel registration

If the permitted vessel or the replacement vessel is owned by a business, you must provide documentation stating the business entity. Acceptable forms of identification include:

- Articles of Incorporation
- Articles of Organization
- Certificate of Limited Partnership
- Statement of Partnership Authority
- Limited Liability Partnership
- Sole Proprietorship

Identification Requirements

If the transferee is applying for the first time for a commercial fishing license they must provide valid identification as defined in Section 700.4, Title 14 of the California Code of Regulations.

Acceptable forms of identification include:

- Any license document or Get Outdoors identification number (GO ID) previously issued via ALDS
- A valid driver's license or identification card issued to him or her by the Department of Motor Vehicles or by the entity issuing driver's licenses from the licensee's state of domicile
- US Military Identification Cards (Active or reserve duty, dependent, retired member, discharged from service, medical/religious personnel)
- US Birth Certificate
- US Certificate or Report of Birth Abroad
- Tribal Identification Card, as defined by each sovereign tribal nation
- US Passport
- A foreign government-issued photo identification
- Certificate of Naturalization or Citizenship
- Birth Certificate or passport issued from a US Territory

APPEAL PROVISIONS AND DEADLINES

If a transfer request is denied, the Department will notify the permittee in writing. The permittee may appeal the denial in writing to the Fish and Game Commission within 60 days from the date of the Department's denial. (FGC Section 8246.6)

If you have any questions or need more information contact Ruth Flores, at (916) 928-7470 or e-mail Ruth.Flores@wildlife.ca.gov. Mail the Transfer Application, supporting documentation and transfer fee to Department of Fish and Wildlife, License and Revenue Branch, 1740 N. Market Blvd., Sacramento, CA 95834.
