

Geographic Review Panel 2 - Sacramento River/Butte Basin

Proposal number: 2001-K201

Short Proposal Title: Genetic Structure of
Central Valley salmon

- 1. Applicability to CALFED ERP Goals and Implementation Plan and CVPIA priorities, and relevance to ERP and CVPIA priorities for your region.** Direct applicability and relevance is very clear in the proposal.
 - 2. Linkages/coordination with previously funded projects or other restoration activities in your region.** Synchronizes well with other overall efforts to restore chinook salmon. Ensure coordination with efforts at Bodega Marine Lab.
 - 3. Feasibility, especially the project's ability to move forward in a timely and successful manner.** Very clear on both feasibility and action plans.
 - 4. Qualifications of the applicants and others involved in implementing the proposed project.** Adequate.
 - 5. Local involvement (including environmental compliance).** Collaboration at the community level is a positive attribute in this proposal.
 - 6. Cost.** Seems high but has several other large contributions.
 - 7. Cost sharing.** In-kind.
 - 8. Additional comments.**
