## MONITOR AND JUNIOR HUNTER SAFETY INFORMATION

The purpose of a junior hunt is to give young hunters the opportunity to hunt game in a more relaxed atmosphere and to provide them with a greater chance to bag game.

Of utmost importance is **SAFETY**. Safety is stressed at ALL times. Safety is more important than bagging game.

**JUNIOR HUNTERS** - Now is the time to show everything you have learned in your Hunter Education class!

**SAFETY MONITOR** - Please ask a few questions of the group:

- What do you mean by "zone of fire"?
  - The space or area into which a hunter may safely shoot.
  
- In what position should you keep the firearm safety while hunting?
  - In the "on" position until you have shouldered your gun and are pointing at your target. Never put your finger on the trigger until you are ready to shoot.
  - Remember, you are the best safety. Do not rely upon the gun's safety because it could fail to work. Always keep the firearm pointed in a safe direction.
  
- How do you know if the firearm is loaded or unloaded?
  - You must personally check it yourself. Never take any person's word for it - check it yourself.
  
- If you stumble or fall, when you get up what is the first thing you should do?
  - Check and make sure the gun is emptied and then check the barrel.
  
- When you do fall, what is the most important thing to do?
  - Hang on to your firearm to control the muzzle and make sure it is pointing in a safe direction.

The field you are going to hunt has been pre-planted with several pheasants. **TAKE YOUR TIME**. Pheasants love to hide. We want you to take at least an hour to make 2 passes through the field.

Be aware of where you are in relation to other in the group. Remember **YOUR ZONE OF FIRE!** Do not get in front of another hunter and **DO NOT SHOOT** if someone or dog is in front of you.

If you, your dog, or accompanying adult get in front of the line and create a safety hazard, you will be asked to leave the field.

Your dog or dogs must be under control at all times. **NO EXCEPTIONS!** If your dog is not under control, the dog must be taken from the field by its handler.
