WILDLIFE CONSERVATION BOARD
APPRAISAL REVIEW AND DISCLOSURE POLICY
(AMENDED MARCH 2013)

The Wildlife Conservation Board (WCB) is authorized by statute to acquire, and make grants for the acquisition of, interests in real property to preserve and protect fish and wildlife and provide suitable recreation throughout the State. The purchase price for the real property must not exceed fair market value as established by an approved appraisal.

To ensure public confidence in amounts paid and procedures used for the acquisition of real property, while also ensuring that transactions can proceed efficiently and expeditiously, before approving an acquisition project where an agency proposes to spend more than $25 million of State funds WCB must also have the appraisal reviewed by a qualified independent appraiser and make the independent review report available to the public.

Chapter 394, Statutes of 2012 (SB 1266) extends the independent appraisal review requirement to any acquisition for which one or more agencies propose to spend more than $15 million of State funds and makes other changes to existing law, all of which became effective on January 1, 2013.

To continue to ensure public trust and confidence in the WCB acquisition process, provide additional transparency in the purchase of real property, and conform to the requirements of SB 1266, independent review and disclosure of appraisal information as provided for in the following policy is deemed appropriate.

Therefore, it is the policy of the Wildlife Conservation Board that:

For proposed projects involving a “Substantial Acquisition” (as defined below) or a “major acquisition” of “conservation lands” (as defined in Public Resources Code section 5096.5011),

1. WCB staff shall contract for an independent appraisal of the fair market value of the property or interest to be acquired (unless the project is a proposed grant under the California Rangeland, Grazing Land and Grassland Protection Program2).

(“Acquisition agency” is defined in Public Resources Code section 5096.501 (a) as the Wildlife Conservation Board, the Department of Parks and Recreation, or a state conservancy.)

2 Under Public Resources Code section 10338 (b) each application for a grant under the California Rangeland, Grazing Land and Grassland Protection Program must include “an independent and impartial appraisal prepared by a real estate appraiser who is licensed pursuant to the Real Estate Appraisers’

Conform to the Uniform Standards of Professional Appraisal Practice (USPAP); the Department of General Services (“DGS”) regulations in California Code of Regulations, Title 2, Section 1880; and any other applicable State laws and policies including, without limitation, any applicable requirements of Chapter 1.695 (beginning with Section 5096.500) of Division 5 of the Public Resources Code (together, “Applicable Requirements”).

For purposes of this policy, “Substantial Acquisition” means the grant or use of State bond funds to acquire an interest in real property for which the WCB proposes to allocate five million dollars ($5,000,000.00) or more of State funds.

2. WCB staff shall contract for an independent technical review (“independent review”) of the appraisal for each Substantial Acquisition and major acquisition of conservation lands unless, in the opinion of staff, the appraisal fails to meet Applicable Requirements. The independent review must be performed by a qualified independent appraiser who is licensed pursuant to the Real Estate Appraisers’ Licensing and Certification Law,\(^6\) did not conduct the appraisal under review and has no financial interest in the proposed project.\(^7\)

The independent review must include a field review\(^8\) and meet the requirements of Standard 3 of USPAP and written instructions issued by staff.

The written instructions shall call for an independent review consistent with this policy that includes the reviewer’s opinions about the quality of the entire appraisal report under review (without the reviewer’s own opinion of value), the reasonableness of the fair market value conclusion and whether or not the appraisal conforms to Applicable Requirements, all of which must be provided in a written narrative report. The narrative review report shall contain at least the information and opinions in Appendix A to this policy, including a summary of the appraisal, a statement of the basis on which the value of the land was established, the conclusion of highest and best use, a description of the
