Sierra Nevada bighorn sheep

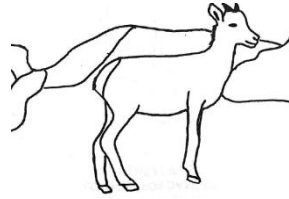

Prediction

Word1	word2	word3
-------	-------	-------

Sierra Nevada bighorn sheep

The main thing you see is the horns. Horns grow during their entire lives. All bighorn have horns. Bighorns come in coat colors from brown to white. They also have a very white bottom with a darker tail. Sierra bighorn use their eyes to keep them safe. They watch for mountain lions and other animals that try to catch and eat them. Sierra bighorn live in the mountains which also helps keep them safe.
