

2024 WATERFOWL HUNTING NEWSLETTER

Waterfowl season is rapidly approaching and now is the time to prepare for opening day. Beginning September 1, 2024, hunters can purchase wildlife area hunting passes and submit reservation applications for State-operated wildlife areas. Season summaries and complete regulations are available on the California Department of Fish and Wildlife's (CDFW) website at wildlife.ca.gov/Hunting/Waterfowl.

NEW WATERFOWL HUNTER SURVEY

To improve the services that we offer on our Type A wildlife areas, CDFW sent a survey to a random sample of 20,000 waterfowl hunters this summer. Thank you to all who participated! Your responses to this survey will help us better understand your needs and preferences regarding accessing CDFW lands for waterfowl hunting. We are still analyzing the survey results and will provide more information about those results in the coming months.

IMPORTANT FREE HUNTING DAYS

Assembly Bill 804 (AB 804), signed into law in 2021, requires the CDFW to establish two free hunting days per year. The California Free Hunting Days for the 2024-25 hunting season are Saturday,

November 23, 2024, and Saturday, April 12, 2025. To hunt on the free hunting days, participants must meet requirements established in FGC 3040, including the possession of a valid Free Hunt Days Registration. The Free Hunt Days Registration item will be available to claim beginning on October 9, 2024. For more information and requirements to participate in California's free hunting days, please visit <https://wildlife.ca.gov/Free-Hunting-Days>.

IMPORTANT WILDLIFE AREA AND REFUGE STATUS FOR THE UPCOMING SEASON

Ash Creek Wildlife Area is planning to burn the Big Swamp (5,000 acres) which will affect the unmanaged deep-water ponds. The burn is scheduled for September 23rd through October 4th. The burn may be rescheduled during the hunting season which may cause the closure of the center swamp for safety concerns. The burn will not affect the 800 acres of shallow water ponds or occur on hunt days. Additionally, there will be reduced quotas for the opening weekend due to reduced flooding. For more information, please contact the Ash Creek Wildlife Area at (530) 294-5824 or the Northern Region Redding office at (530) 225-2300.

Sutter National Wildlife Refuge may have a delayed season opener due to delays in flooding from the construction of a new lift station. For more information, please call the Sacramento National Wildlife Refuge Complex at (530) 934-2801.

IMPORTANT HIGHLY PATHOGENIC AVIAN INFLUENZA

Cases of highly pathogenic avian influenza (HPAI) H5N1 continue to circulate among wild birds in the United States, with detections typically increasing through fall migration. Infection may cause mild to severe disease and mortality, which depends in part on the species of bird infected. The Centers for Disease Control and Prevention states that the risk

to general public health from HPAI is low, however some people may have job-related or recreational exposures that put them at higher risk of infection. Hunting dogs may also be at risk. Do not handle or consume sick game. Do not eat, drink, or smoke while handling game. Field dress and prepare game outdoors or in a well-ventilated area. Wear rubber or disposable gloves while handling and cleaning game. After handling game, wash hands with soap and water, and clean knives, equipment, and surfaces that came into contact with game. All game should be cooked to an internal temperature of 165°F before consuming. Do not feed dogs raw meat or organs from harvested waterfowl. Falconers should avoid hunting waterfowl. For more information, see USDA's guidance for hunters at www.aphis.usda.gov/publications/animal_health/fsc_hpai_hunters.pdf. Sightings of sick and dead wild birds may be reported to CDFW at the check station or through our online form at wildlife.ca.gov/Conservation/Laboratories/Wildlife-Health/Monitoring/Mortality-Report.

ONLINE-ONLY REGULATION BOOKLETS

Regulation booklets are available online-only and can be downloaded at wildlife.ca.gov/regulations.

- Any person who possesses an annual hunting license may apply for reservations.
- Fee: \$1.34 per hunt choice.
- Deadline to apply is 17 days before each hunt date.
- Applications can be submitted electronically until 11:59 PM on the deadline date.
- Confirmation of application is immediate. Hunters receive a drawing receipt at the time of application.

SUBMIT APPLICATIONS ONLINE

Applying online is convenient. CDFW encourages hunters to submit their reservation applications at www.ca.wildlifelicense.com/InternetSales.

Personally selecting and verifying your hunt choices online will allow you to confirm your applications are error-free.

HOW TO APPLY ONLINE

If your proof of hunter education has been stored to your customer record, you can purchase hunting items and apply for waterfowl reservation drawings online. Use your GO ID from your hunting license to retrieve your customer record at www.ca.wildlifelicense.com/InternetSales, and proceed to the 2024 Hunting tab. Select the multiple-choice reservation application or the season-long reservation application, and make your hunt selections. After you have submitted payment and completed your transaction, you will be able to print a drawing receipt and review your hunt selections online.

HOW TO APPLY AT A LICENSE AGENT

Make a list of the areas and dates you wish to apply for. Take your list and hunting license with you to a license agent. The license agent will scan the barcode on your license to retrieve your customer record. Tell the clerk if you wish to submit a season-long reservation application or a multiple-choice reservation application. Give the clerk the list of hunts you wish to apply for or tell them your choices verbally. ***Be sure to verify that your drawing receipt shows the correct hunt choices before leaving.***

MILITARY ONLY RESERVATION APPLICATION

The military only reservation application may be used to apply for military only hunts reserved for veterans and active military personnel. Hunters participating in these hunts must possess and present upon demand verification of eligibility to participate in these hunts. Acceptable verification includes a Veteran's ID Card, Military ID Card for active duty, DD Form 214 (honorable discharge), or a State-issued driver's license or Identification Card with Veteran Designation. When using this option, the hunter or the license agent can select one or both hunting days for each participating area.

APPLYING FOR MOBILITY IMPAIRED ACCESSIBLE HUNTING SITES

When applying online for mobility impaired accessible hunting sites, be sure to select the application specifically for mobility impaired accessible hunting sites. The mobility impaired season-long reservation application, multiple-choice reservation application, and military only reservation application are all located in the same location as the non-disabled versions.

If applying for mobility impaired accessible hunting sites at a license agent, inform the clerk that you wish to apply for mobility impaired accessible hunts. At the end of the transaction, look at your drawing receipt and verify that the clerk selected the correct mobility impaired accessible hunts.
