

Waterfowl season is rapidly approaching and now is the time to prepare for opening day. Beginning September 1, 2018, hunters can purchase wildlife area passes, and submit reservation applications for State-operated wildlife areas. This newsletter contains important information for waterfowl hunters that will assist you in applying for reservations. Waterfowl hunting regulation booklets will be available in October. Season summaries and complete regulations are available on the California Department of Fish and Wildlife's (CDFW) web site at wildlife.ca.gov/regulations.

E-MAIL RESERVATION NOTIFICATIONS

CDFW will send email notifications to hunters when they are drawn for a reservation. To receive email notifications, your customer preferences must be set to receive license reminder emails.

Log in to update your customer preferences at www.ca.wildlifelicense.com/InternetSales. Do not rely solely on email reminders for your drawing results, as spam filters or other problems may restrict email notification. CDFW will continue to mail reservation letters to hunters who are successful in the drawing.

STAY CONNECTED TO CDFW

Having your email address and mobile number will enable the CDFW to send you information you can use, such as license renewal and courtesy report card deadline reminders, and California fishing and hunting information. When purchasing a license from a license agent, or when you log in to the Online License Service, update your communication preferences and provide your email address and mobile number.

California Government Code, Section 11015.5, prohibits the CDFW from using your personal information for any purpose other than the purpose specified at the time the data is collected.

DISABLED VETERAN HUNT AT COLUSA

On Saturday January 5, 2019, all assigned ponds and blinds at Colusa National Wildlife Refuge will be reserved for disabled veterans. Hunt details and application instructions are available on the Sacramento National Wildlife Refuge Complex website at www.fws.gov/refuge/sacramento/

WILDLIFE AREA WATER ISSUES

While California's water situation has improved, potential water reduction may affect some wildlife areas and national wildlife refuges. The amount of water available to wildlife areas and refuges varies by area. Therefore, some areas and refuges may open later in the season or have a reduced hunter quota.

The CDFW will make every effort to limit the availability of reservation applications to only those areas that will be open for hunting. However, refunds cannot be issued for applications submitted to areas that are closed or if reservations are not available. As of the date of this newsletter, the status of water availability for each wildlife area and refuge is not known. As information becomes available, updates about temporary closures or reduced hunter quotas on wildlife areas and refuges will be posted on the CDFW's web page at wildlife.ca.gov/Hunting/Area-Alerts.

CDFW OFFICES NO LONGER ACCEPT CASH

WATERFOWL RESERVATION DRAWING BASICS

The CDFW's waterfowl reservation application system makes it easy for hunters to apply for reservations. Reservation drawing applications can be submitted anywhere California hunting licenses are sold and online at www.ca.wildlifelicenses.com/InternetSales.

You can submit more than one season-long reservation applications or multiple-choice reservation applications as long as you do not submit duplicate hunt choices.

- Reservations are issued by random drawings.
- Any person who possesses an annual hunting license may apply for reservations.
- Fee - \$1.34 per hunt choice.
- Deadline to apply is 17 days before each hunt date.
- Applications can be submitted electronically until 11:59 PM on the deadline date.
- Confirmation of application is immediate. Hunters receive a drawing receipt at the time of application.
- Duplicate hunt choices will be disqualified. One duplicate choice is disqualified, not both.
- View your pending applications and drawing results at www.ca.wildlifelicenses.com/InternetSales.
- Reservation letters are mailed to applicants who are drawn. Reservation letters can be reprinted at home via the link from your online drawing results.
- When hunters are drawn for a reservation, email notifications are sent providing a link to check your drawing results. To receive email notifications, your customer preferences must be set to receive license reminder emails.

SUBMIT APPLICATIONS ONLINE

Applying online is convenient. The CDFW encourages hunters to submit their reservation applications at www.ca.wildlifelicenses.com/InternetSales. Personally selecting and verifying your hunt choices online will allow you to confirm your applications are error-free.

HOW TO APPLY ONLINE

If your proof of hunter education has been stored to your customer record, you can purchase hunting items and apply for waterfowl reservation drawings online. Use your GO ID from your hunting license to retrieve your customer record at www.ca.wildlifelicenses.com/InternetSales and proceed to the 2018 Hunting License Tab. Select the multiple-choice reservation application, or the season-long reservation application, and make your hunt selections. After you have submitted payment and completed your transaction, you will be able to print a drawing receipt and review your hunt selections online.

HOW TO APPLY AT A LICENSE AGENT OR CDFW LICENSE SALES OFFICE

Make a list of the areas and dates you wish to apply for. Take your list and hunting license with you to a license agent. The license agent will scan the barcode on your license to retrieve your customer record. Tell the clerk if you wish to submit a season-long reservation application or a multiple-choice reservation application. Give the clerk the list of hunts you wish to apply for or tell them your choices verbally. Be sure to verify that your drawing receipt shows the correct number of hunt choices before leaving.

SEASON-LONG RESERVATION APPLICATION

The season-long reservation application may be used to apply for every available Saturday, Sunday and/or Wednesday hunt date. You can quickly select the areas and days of the week for which you wish to apply and pay in one transaction. The season-long reservation application calculates the number of remaining hunt dates and only charges you for those dates. Therefore, the season-long reservation application can be used to apply for the remaining hunt dates at an area during any time of the season.

MULTIPLE-CHOICE RESERVATION APPLICATION

The multiple-choice reservation application allows a hunter to select hunt areas and choose any combination of hunt dates from a calendar of hunts. When using this option, the hunter or the license agent can click on the dates they wish to apply for a selected area. Quick selection buttons are available to select or deselect All Hunt Days, All Saturdays, All Sundays or All Wednesdays. After hunt days have been selected, any individual hunt date can be quickly deselected by clicking on that day on the calendar. After the hunter has made all their selections, they can pay for all their hunt choices in one transaction.

APPLYING FOR DISABLED ACCESSIBLE HUNTING SITES

When applying online for disabled accessible hunting sites, be sure to select the application specifically for disabled accessible hunting sites. The mobility impaired season-long reservation application and the multiple-choice reservation application are located in the same location as the non-disabled versions.

If applying for disabled accessible hunting sites at a CDFW license sales office or a license agent, inform the clerk that you wish to apply for disabled accessible hunts. At the end of the transaction, look at your drawing receipt and verify that the sales clerk has selected the correct disabled accessible hunts.

WATERFOWL DRAWING RESULTS ONLINE

Hunters who are drawn for a reservation will receive a reservation letter approximately one week before the hunt. Reservation drawing results are also available online at www.ca.wildlifelicenses.com/InternetSales. If you are drawn for a reservation, a link to a PDF file of your reservation letter will be displayed on your reservation drawing results page. This feature allows hunters to reprint reservation letters that have been lost or were not received.

CDFW LANDS REQUIRE NONLEAD AMMUNITION

Certified nonlead ammunition is required for all hunting with firearms on CDFW lands, including wildlife areas and ecological reserves. If you plan to hunt on any CDFW lands during the 2018-19 hunting season, consider purchasing nonlead ammunition in advance. More information about nonlead ammunition requirements is available at wildlife.ca.gov/Hunting.

DUCK AND UPLAND GAME BIRD VALIDATIONS

You must possess a California Duck Validation to hunt waterfowl. An Upland Game Bird Validation is required to hunt upland game birds. Collectible stamps are available for any person who purchases a California Duck Validation or an Upland Game Bird Validation. Information on how to obtain your free collectible stamps is printed on your validation and is available at wildlife.ca.gov/licensing/collector-stamps.

HARVEST INFORMATION PROGRAM (HIP) VALIDATION

If you hunt any of the following migratory game birds, you must complete the HIP Survey and possess the HIP Validation while in the field: ducks, geese, coots, dove, brant, snipe, gallinules, and band-tailed pigeon.

FEDERAL DUCK STAMPS

A Federal Duck Stamp is required for any person who is 16 years of age or older hunting waterfowl. Federal Duck stamps must be signed across the face of the stamp and are available from post offices and some license agents. The Federal Duck Stamp may be affixed to the back of your hunting license or carried separately.

SEASON PASS PRINTS ON HUNTING LICENSE

If you purchase your season pass in the same transaction as your hunting license, it will print directly on your hunting license. If you purchase your season pass separately from your hunting license, the season pass will print on a separate document, and you must carry both documents.

SPECIAL HUNT DRAWING APPLICATIONS

Applications for wild upland bird special hunts are available everywhere California hunting licenses are sold. You can also apply using the Online License Service at www.ca.wildlifelicense.com/InternetSales. Hunts for dove, quail, chukar, pheasant, and turkey will be available. The application fee is \$2.42. The deadline to apply is 21 days before the first hunt for that species. More information is available under the special hunts tab at wildlife.ca.gov/Hunting/Upland-Game-Birds/Hunts

RESERVATION INFORMATION CHART

Waterfowl reservation information for Type A Wildlife Areas is available at nrm.dfg.ca.gov/FileHandler.ashx?DocumentID=70431&inline. The chart includes information such as the number of hunters allowed per reservation, the time the check stations open, the time reservations expire, lottery procedures, and first-come, first-served procedures.

FLOOD CLOSURE INFORMATION

It is common for waterfowl hunting areas to close periodically due to safety concerns caused by flooding. You can check to see if any State-operated wildlife areas are closed at wildlife.ca.gov/Hunting/Area-Alerts. Reservations for State-operated wildlife areas that are closed due to flooding will not be accepted at other hunting areas. Refunds will not be issued for applications submitted to areas that are closed or if reservations are not available (Section 551(a)(1)(A), Title 14, of California Code of Regulations).

VIOLATION OF RULES OF CONDUCT

Thousands of outdoor enthusiasts visit California's State-operated wildlife and ecological areas (Lands) each year. Regulations and rules for these Lands have been established to provide a safe, enjoyable experience for all outdoor visitors, while protecting wildlife and their habitats. By following regulations, practicing good outdoor ethics, and respecting others, a positive experience will be remembered and shared by all.

Employees of the CDFW are authorized to refuse entry or issuance of entry permits, revoke permits and/or eject any visitor from CDFW Lands for violation of any rules, drug or alcohol intoxication, disorderly conduct, or for any reason when it appears that the general safety or welfare of the property or persons thereon is affected. The decision of the CDFW employee assigned management or enforcement responsibilities for the area in such respect shall be final. Failure to comply with area regulations is a violation and may result in any or all of the following:

- Denial of permission to enter CDFW operated and/or managed lands
- Revocation of any permit already issued
- Ejection from the area for up to one calendar year from the date of discovery
- Citation or arrest under the applicable provisions of the Fish and Game Code or Title 14 of the California Code of Regulations
