IN REPLY REFER TO
7100

October 24, 1966

Robert D. Montgomery
Dept. of Fish & Game Region 11
1001 Jedsmith Drive
Sacramento, California

Dear Mr. Montgomery:

Enclosed are copies of our Dam Maintenance Inspection Sheet of five dams that I feel needs attention.

All of my inspections took place before the September 12, 1966 earthquake which was centered at Truckee, California.

As noted on the form some work was done at the Lawrence Dam after my visit by your department and Mt. Ralston Fish & Game Club.

If you have any questions as to extent of damage or condition, I have color slides of all the dams. I would be more than happy to come down and show these slides to you and also answer any other questions you may have.

Sincerely yours,

BRUCE E. MEINDERS
Forest Engineer
