Mr. George Warner
Fisheries Management Supervisor
California Dept. of Fish & Game
1001 Jedsmith Drive
Sacramento, California

Dear Mr. Warner:

During his recent routine inspection of stream flow maintenance dams assistant ranger Bill Charlton found a few deficiencies at Shower's Lake which we thought might be of some concern to your office. The deficiencies are not critical at the present time, but should be corrected in the not too distant future. Mr. Potter is probably well aware of these conditions.

Sincerely yours,

Joseph V. Flynn
Forest Supervisor

Joseph V. Flynn
Forest Supervisor
El Dorado National Forest
Placerville, California

Attention: John H. West

Dear Mr. Flynn:

Thank you for your letter of August 13, 1962, informing us of deficiencies in the streamflow maintenance dam at Shower's Lake. Mr. Potter, who is in charge of the streamflow maintenance dam program for Region II, informs me that he and his crew completed repairs on the dam on September 27. The dam is now in good operating condition.

Thank you for your interest in this matter.

Sincerely,

George H. Warner
Fisheries Management Supervisor
