Mr. Richard L. Boke  
Regional Director Region II  
Bureau of Reclamation  
Sacramento 14, California

Dear Mr. Boke:

We would appreciate it very much if you could provide us with at least the preliminary plans and any data available regarding the Bureau's proposed developments on the Silver Creek Drainage, El Dorado County. Among the data available, I understand there is a profile map of the proposed Silver Creek features, dated February 18, 1949, and numbered SP-3617, and also capacity curve drafts for the proposed Union Valley Reservoir available.

We would also like to know the storage capacity of the proposed Ice House diversion dam.

Your consideration of this request will be greatly appreciated.

Yours very truly,

JCF/ds

Dear Mr. Fraser:

Please refer to your letter of April 14, 1950, requesting preliminary plans and data regarding our proposed developments on Silver Creek. This development is still in the preliminary investigation stage and as yet detailed plans have not been developed.

Enclosed for your information is a drawing showing the potential features in American River Drainage Basin (G.I. 2905C), a profile of proposed Silver Creek Features (SP-3617), and general plan and sections of the proposed Union Valley Dam (S-3238-B).

Should you desire any additional information concerning this development, please feel free to call on me.

Very truly yours,

*Phil Dickinson*  
ASSISTANT REGIONAL DIRECTOR
