Department of Fish and Game
Region II
1001 Jedsmith Drive
Sacramento, California

Attention: Mr. Robert D. Montgomery, Regional Manager

Gentlemen:

Berry Lumber Company has asked me to advise you that they have decided not to operate their mill on Sopiago Creek in ^{El Dorado} ~~Amador~~ County, California, during the year 1960; in fact, this is probably a permanent closing of the mill.

There will be no pollution of the creek by Berry Lumber Company during the coming year and if the mill is ever reopened appropriate arrangements will be made at that time.

Very truly yours,

WARREN H. ATHERTON
