Messrs. Donald J. Wiebe & Gard E. Tesch  
P. O. Box 1296  
Jackson, California 95642

Dear Messrs. Wiebe and Tesch:

This is in response to your notification of April 26, 1972, regarding construction of de-siltation dams on Sopiago Creek, El Dorado County. An inspection of the site was made by our District Fishery Biologist James Richard.

At this time we do not foresee any significant problems for fish as a result of your proposed project.

Thank you for your cooperation.

Sincerely,
