Dear Mr. Jones:

The Department of Fish and Game (DFG) met with Mr. Rob Alcott, El Dorado Irrigation District (EID) General Manager, on January 13, 1994 to discussed the need for a meeting between EID's Operations and Maintenance personnel and DFG law enforcement and staff biologists. A proposed agenda for the meeting is as follows:

1. Outline DFG's responsibilities to protect fish and wildlife resources with respect to EID's water and sewage systems.
2. Deleterious impacts to aquatic and wildlife resources as the result of water delivery system failures and sewage system failures.
3. DFG recommendations for proper EID response to emergencies and potential remedial actions that can be implemented in the interim.
4. Stream maintenance flows downstream of dams, in diversions, and within the canal systems.

The DFG suggests February 25, 1994, at 10:00 A.M., as a possible date and time for the meeting. The location of the meeting would be at your headquarters. If this date is not convenient, please contact us to suggest other possible dates.

If we can be of further assistance, please contact Mr. Stafford Lehr, Fishery Biologist, or Mr. Patrick O'Brien, Senior Fishery Biologist at telephone (916) 355-7090.

Sincerely,

L. Ryan Broddrick
Regional Manager
