TERRANCE POTTER, FISHERIES MANAGER GRADE I

JACK C. FRASER, FISHERIES MANAGEMENT SUPERVISOR

SUSIE LAKE, STREAM FLOW MAINTENANCE DAM, EL DORADO COUNTY

On August 17th I visited Susie Lake and it's obvious that it is in serious need of some tree removal work. There are still a great number of dead trees standing around the edge of the lake, and I would like you to give consideration to putting some men on this job at your earliest convenience.

Jack C. Fraser,  
Fisheries Management Supervisor  
Region II
