Mr. Irwin E. Bosworth
Forest Supervisor
U. S. Dept. of Agriculture
El Dorado National Forest
Placerville, California 95667

Dear Irwin:

Thanks for your letter of November 6, 1967 permitting us to use a helicopter in the chemical treatment of Susie Lake.

Due to the unusually high water levels recorded on our survey of October 24, we have decided to delay this project until the fall of 1968. We will again clear with you on this project, with more lead-time for your necessary planning.

Sincerely,

L R Dunham
