General Superintendent
Tahoe Keys, Inc.
Al Tahoe, California

Dear Mr. Turner:

In accordance with our conversation today I am enclosing a WPC Form 2 Report on Waste Discharge for your organization to complete and return to this office for distribution to the other interested state and local agencies.

It would be helpful to this Board if you would indicate the approximate time that the cut-through into the lake will take place and the length of time it will take for you to complete this cut. Also enclose a sketch or map of the present completed Keys (at least 5 copies), indicating the location of the cut-through proposed. An explanation of your procedure for making this cut will also be helpful to the Board.

Very truly yours,

J. T. Leggett
