TO WHOM IT MAY CONCERN:

This letter constitutes authority for Robert Morris and/or Nord Whited, U. S. Forest Service, Meyers Ranger Station, to periodically take various species of live fish for use at the U. S. Forest Service viewing chamber adjacent to Taylor Creek. Permittees will contact our local warden, William Hart at P. O. Box 690, South Lake Tahoe, California 95705, prior to such taking of fish, to advise Mr. Hart of the time and place of such taking, numbers and species of fish to be taken, and will report back to him such taking as to the completion of the operation.
