

S. Round Lake.
El Merado Co

STATE OF CALIFORNIA
DEPARTMENT OF FISH AND GAME
INTRAOFFICE CORRESPONDENCE

DATE October 14, 1955

TO: Region II - Fisheries Management Supervisor
 Attention A. F. Pollitt

FROM: Leon A. Talbott

SUBJECT: FISH PLANTING IN REGION II FROM REGION V

Under separate cover we are sending you copies (made on your special planting form) of all planting receipts for fish planted this year from Region V hatcheries in waters of Region II. All original planting receipts made on standard Form No. FG-729 are on file at Region V office, Los Angeles. All copies of same are on file at Bishop office and at hatchery that planted the fish. We are also returning your air photos and maps.

As we are now about to start making allotments for 1956 will you please let us know the approximate numbers and species and sizes of fish required by you from Region V for 1956, actual allotments can come next spring, all we need now is numbers required.

Please be advised that the airplanting of upper and lower Angora Lakes as well as Round Lake was observed and we are sure that the lakes were successfully planted.

Leon A. Talbott
Assistant Supervisor of Fish
Hatcheries, Inyo-Mono Area
Region V
