MLPA Blue Ribbon Task Force Chair Phil Isenberg Announces Statewide Interests Group

Chair Isenberg welcomes members, offers thanks for commitment and participation

SACRAMENTO - California Marine Life Protection Act (MLPA) Blue Ribbon Task Force Chair Phil Isenberg today announced the selection of 19 members and 8 alternates to the MLPA Statewide Interests Group. This group will advise the task force and professional staff to the initiative on the overall process to develop a draft master plan framework and network of marine protected areas along the California coast.

"This group represents a wide range of perspectives and will provide a valuable mechanism to enhance communication with stakeholders about the MLPA process," said Isenberg. "This group has been assembled to help advise the task force on process issues and to help us get the word out to ensure that different viewpoints are being reached," he added.

All members of the Statewide Interests Group were nominated by various interests involved in the MLPA process. The group will not vote or otherwise take formal positions on any procedural or substantive issues, but instead will alert the task force to issues and opportunities that may improve public involvement in the process. The first meeting of the group was held yesterday, where nearly 100% participation was achieved.

Executive Director John Kirilin said, "This is an outstanding group of stakeholder representatives who will enhance the progress of the MLPA Initiative, as evidenced by the level of active participation we saw yesterday."

The MLPA Initiative depends on the active involvement of stakeholders and the general public to succeed. Various opportunities are available for such involvement, including meetings of the task force and a science advisory team that will be open to the public.

This initiative is possible through the efforts of private and government partners who are providing funding and in-kind services. These include: the California Resources Agency, California Department of Fish and Game, Resources Legacy Fund Foundation, National Oceanic and Atmospheric Administration, and MPA Science Institute of the National Marine Protected Areas Center.

The California Marine Life Protection Act Statewide Interests Group members:

- **Carol Abella**, California Marine Affairs and Navigation Conference
- **Dan Berman**, Marine Interests Group of San Luis Obispo
