Comments/Issues:	<p>My concern regards maintaining stream flow under changing climate regimes. I am a scientist & study beaver re-introduction. I am interested in talking w/ CDFW about allowing beaver to re-colonize the forest lands they once inhabited.</p> <p>The resulting wetlands would decrease fire vulnerability, improve habitat (aquatic, amphibian, avian, & mammal), & buffer seasonal stream flows. - Oh & they work cheap</p> <p>I would be very happy to talk w/ you</p> <p style="text-align: right;">Jeff Baldwin</p>
